

QB  
LOVES

The bridal table, highlighted with a romantic, softly-draped canopy and spectacular crystal chandelier – perfectly complementing the grand, circa 1920s architecture.

# AN HISTORIC *Moment*

Celebrate and honour a majestic reception location with carefully-choreographed, opulent styling. This elegant pale palette with gold and Champagne accents spells grown-up luxury.

## ALL IN THE DETAILS:

Our super styling duo, Brendan from Styled Events and Cara from Cara Marie Designs, put their heads together once again to show you a luxe spin on the white wedding. With Brisbane City Hall (circa 1920s) as the magnificent setting, styling and stationery elements were carefully assembled for a light and airy feel. Styled Events' custom Champagne sequin tablecloths (QB loves!) provide the perfect base whilst crisp white Tiffany chairs border the set. An elegant mix of tall gloss-white candelabras, single-stem glass candlesticks, glass holders with tall thin tapered candles, Royal Doulton crystal hurricanes, cut-glass votives, and glass-beaded charger plates with crisp white top plate all combine to give a luxe feel, glistening beneath warm candlelight.

#### STATIONERY

White embossed cards from the Cara Marie Designs couture range feature Champagne/latte to the typeface and a single intricate band. The palette is kept soft, embossed borders on the white cards created a frame for the text and the fine lines of the font ensured maximum white space. White escort cards displayed on a natural timber frame ensure the all-important cards themselves stand out. Mini accordion menus are kept very simple, no layers, minimal text – using the fold as the point of difference.

#### ADD A FLOURISH:

Set the tone of your big day with the ideal font. Talk to your stationer about a perfect match. Cara kindly divulged the details of this sweet combo: 'Burgess Script' + 'Senatus'.

#### CAKE

The cake is one of Julie Whitehead's signature flavours, a chocolate almond truffle cake with coconut gianduia ganache. White Swiss chocolate collars surround the three tiers with fresh white hydrangeas giving a soft, elegant feel. A small heart, also in Swiss white chocolate, lends a hint of romance.
